

## Omya Performance Polymer Distribution

Omya International AG  
4665 Oftringen  
Switzerland

**FOR IMMEDIATE RELEASE**

### **Omya Performance Polymer Distribution announces global leadership team**

**Oftringen, Switzerland – October 1<sup>st</sup>, 2025** – Omya Performance Polymer Distribution, the recently created specialist polymer and rubber distribution business, has established its **global leadership team**, underscoring its ambition to deliver long term growth in polymer distribution.

CEO **Carsten Harms** said: “The new team combines deep industry expertise with international business experience and will deliver our promise of consistent value to customers and principals worldwide. I am delighted to be working with some of our industry’s most sought-after leaders and look forward to introducing the team at the forthcoming K 2025 in Dusseldorf.”

Members of the Omya Performance Polymer Distribution global leadership include:

- **Stefan Kutta** – President, Global High-Performance Polymers
- **James Stanton** – President, Global Engineering Polymers (from 1 December).
- **Gavin Lewis** – President, Europe, Middle East & Africa
- **Ramli Chan** – President, Asia Pacific
- **James (Jim) LeGacy** – President, Americas
- **Thomas Hein** – Director, Global Supply Chain Management (from 1 November).
- **Paolo Giorgi** – Director, Global Finance
- **Mitchel Choo** – Director, Global Strategic Projects
- **Monique Goor** – Manager, Global Marketing & Communications

Presidents of Global Standard Polymers and Global Rubber Polymers & Additives will be announced separately.

The new global leadership team will be supported by an extended team of **area leaders** who will also be present at K 2025 to engage with Principals and Customers.

**Ends**

### **About Omya Performance Polymer Distribution**

Headquartered in Switzerland, Omya Performance Polymer Distribution was created to represent leading polymer manufacturers, distributing a wide portfolio of specialty materials to the global polymer industry. It combines Omya's existing Engineered Materials business in Europe, the Americas, China, Southeast Asia, India and Africa, with its recent acquisition, Distrupol, a leading polymer distributor in the UK, Ireland, and the Nordic countries. Our first-class portfolio enables customers to improve productivity, design, performance, weight, recyclability, and carbon footprint reduction by combining the right materials with the best processes. Innovative principles support our vision to become a globally recognized, reliable polymer distribution partner of choice. For more information, [visit here](#).

### **About Omya**

Omya is a leading global producer of essential minerals and a worldwide distributor of specialty materials. Founded in Switzerland in 1884 and privately owned, the company employs 9,000 people across 160 plants in 50 countries. Omya provides added-value products and services from responsibly sourced materials to meet the needs of current and future generations. Customers rely on Omya for a comprehensive range of sustainable, high-quality products, backed up by exceptional customer service, regulatory advice and quality control. Omya's focus on 'Thinking of Tomorrow' leads to the development of innovative, reliable solutions that help customers solve their challenges. [www.omya.com](http://www.omya.com)
