

## Omya Performance Polymer Distribution

Omya International AG  
4665 Oftringen  
Switzerland

**FOR IMMEDIATE RELEASE**

### **Jesse Corn joins Omya Performance Polymer Distribution as President, Global Standard Polymers**

**Oftringen, Switzerland – October 7<sup>th</sup>, 2025** – Omya Performance Polymer Distribution has appointed Jesse Corn as President for Global Standard Polymers, effective 1st December 2025.

Based in Switzerland and reporting to CEO Carsten Harms, Jesse brings extensive international experience in the sales and marketing of Standard Polymers and related core segments, having led teams across EMEA, the USA and Saudi Arabia. Most recently, he served as EMEA Consumer and Packaging Director at Barcelona-based Nexo Plastics, where he led a Pan-European strategic development team for sustainable growth and customer engagement across the EMEA core markets and segments, including packaging.

CEO Carsten Harms commented, “We are delighted to add Jesse to our newly established leadership team of highly experienced industry professionals. The business is well positioned to capture organic growth opportunities through mandate extensions with its global and regional teams now almost complete.”

The remaining global leadership position – President, Global Rubber Polymers & Additives – will be announced shortly, along with the regional leadership team for the Americas.

#### **Meet the team at K 2025**

Omya Performance Polymer Distribution will be at **K 2025 in Dusseldorf, October 8–15, 2025 (Hall 6, Stand D75)**. Customers, principals, and media are invited to meet the team in person and learn more about our unique model combining distribution, technical expertise, and sustainability leadership.

**Ends**

## About Omya Performance Polymer Distribution

Headquartered in Switzerland, Omya Performance Polymer Distribution was created to represent leading polymer manufacturers, distributing a wide portfolio of specialty materials to the global polymer industry. It combines Omya's existing Engineered Materials business in Europe, the Americas, China, Southeast Asia, India and Africa, with its recent acquisition, Distrupol, a leading polymer distributor in the UK, Ireland, and the Nordic countries.

Our first-class portfolio enables customers to improve productivity, design, performance, weight, recyclability, and carbon footprint reduction by combining the right materials with the best processes. Innovative principles support our vision to become a globally recognized, reliable polymer distribution partner of choice. For more information, [visit here](#).

## About Omya

Omya is a leading global producer of essential minerals and a worldwide distributor of specialty materials. Founded in Switzerland in 1884 and privately owned, the company employs 9,000 people across 160 plants in 50 countries. Omya provides added-value products and services from responsibly sourced materials to meet the needs of current and future generations. Customers rely on Omya for a comprehensive range of sustainable, high-quality products, backed up by exceptional customer service, regulatory advice and quality control. Omya's focus on 'Thinking of Tomorrow' leads to the development of innovative, reliable solutions that help customers solve their challenges. [www.omya.com](http://www.omya.com)
